INVALIDS! IRON IN THE BLOOD.

the blood. This is derived chiefly from the food CUMMINGS, Springfield, Mass. we cat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its disease-producing elements to all parts of the system, and every one will

Iron as a Medicine is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Haves. Massachusetts State Chemist.

has been attained in the Peruvian Syrup, by combination in a way before unknown. The Peruvian Syrup

is a protected solution of the Protoyide of Iron A new discovery in Medicine that strikes at the Root of Disease by supplying the blood with its Vital Principle or Life Element-Iron.

The Peruvian Syrup cures Dyspepsia, Liver Complaint, Dropsy, Fever and Ague, Loss of Energy, Low Spirits. The Peruvian Syrup infuses strength, vigor and new life into the sys-

tem, and builds up an "Iron Constitution." The Peruvian Syrup cures Nervous Affections, Female Complaints, and all diseases of the Kidneys and Bladder.

The Peruvian Syrup is a specific for all diseases originating in a bad state of the Blood, or accompanied by Debility or a Low State of the System.

Patents, of ascertaining the patentability of inventions, unsurpassed by, it not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is more successful at the Patent Office than the subscriber; and as success is the best proof of advantages and ability, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has embleed him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full acounts of patents granted in the chanical works, and full acounts of patents granted in the United States and Europe, render him able, beyond questions, to other superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure e

TESTIMONIALS. "Thave no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form and more capable of putting their applications in a form at the Patent Office."
